Introduction

Have you ever felt crushed by change? *{small pause}*

Crippled by your bottom line? *{small pause}*

Or buried by overwhelming responsibilities? *{small pause}*

Maybe you've even said - "I feel like I've been hit by a truck!!"

If you have, then hang onto your seats because you are in the right place!

Our next speaker built a heart-centered, award-winning international entertainment company focused on genuine leadership, full-on participation and innovative design. In her own words she, "served on boards, won awards, and drove big Fords!" *{pause}* Today you will hear how she too felt hit by truck.

After surviving major change and selling her company in 2014, she dedicated her life to sharing with others how to thrive amidst disabling circumstances. Besides enjoying her time with clients as a speaker, consultant, and communication coach - our presenter enjoys: Sunday brunch any day of the week, cuddling with her co-dependent dog, and embarrassing her kids with awkward displays of affection.

And now, get ready for an unforgettable ride! Join me in welcoming empathy expert and inner four-year-old —Elisa Hays*! *{lead audience in big round of applause}*
